

THIRD VEHICLE REQUEST

The Quail Run II Condominium Association limits parking on the premises to two vehicles per unit. Owners must obtain board approval to park a third vehicle on the premises.

Requests are considered only for operable vehicles with current and valid plates and intended for use on public roads. Approval is not assignable to any third party and cannot be transferred to another vehicle. Owners must provide notice to the board when they no longer own or possess the approved vehicle. Snow plowing services will not be provided if there are vehicles in the driveway at the time of service.

Commercial vehicles, boats, trailers, campers, etc., cannot be parked on the premises.
